

What about demanding a transition to democracy as the Burmese people have asked for? What about saying, Enough is enough. If Burma's regime does not heed 10 consecutive U.N. resolutions calling for Burma to simply participate in a dialogue with the democracy movement, then refer this issue to the U.N. Security Council and call for international economic sanctions.

Unfortunately, with Kofi Annan's track record as seen with the 14 plus resolutions alone on Iraq and his lack of action on the genocide in Sudan and other examples of ineffectiveness, Kofi Annan seems to be not willing to demand consequences, and there is no action. For the sake of the millions of people around the world and especially in Burma that are subject to slaughter and rape, displacement, starvation and victimization at the hands of their government, specifically the evil tyrants of Burma, we should stop talking in the United Nations and start doing something about it. Why do we have the United Nations? Is this not its mission? Is this not why the United Nations started, to help these tortured people?

But enough about the broken and ineffective United Nations. There is a voice for freedom in Burma, the lady, Aung San Suu Kyi.

Mr. Speaker, I ask this question. Why are those 400,000 Burmese soldiers consistently afraid of the lady? The answer is, because she wants a democracy in her nation. Simple. She wants her people to be free, a free country like our country. The forces of evil in this world always fear the forces of good. Forces that promote life, liberty and the pursuit of happiness are the forces that make all of us desire to be free. Every human being is created down in our soul with these God-given desires and rights.

So, Mr. Speaker, on this birthday of Aung San Suu Kyi, I am here to assure her that the United States has not forgotten her and her people. Even though the United Nations has dreadfully forsaken her cause, this country stands firm for all freedom-loving people, people who just want to control their own lives and their own country. Even though Burma's neighbors look the other way while making money in shady business deals, the United States is watching and I hope the United States does not abandon this nation of Burma. The United Nations and Burma's neighbors might be able to sleep at night while the people of Burma are beaten and pillaged, some slaughtered, but we hope that the United States will take note. Liberty's blaze burns bright and burns strong in this nation of Burma and her people.

So in closing, I am sending a special birthday greeting to this lady who is under house arrest, this lady, Aung San Suu Kyi, on her 60th birthday, wishing her a respite of peace in the darkness that surrounds her. The United Nations may do nothing but hopefully the

United States is standing with her and the United States remembers her on her 60th birthday.

May God bless you, Aung San Suu Kyi, and God bless Burma and the people who desire freedom, freedom that all of us desire no matter who we are, what we look like, male or female, anyplace in this world.
